vision series

vision series

Look forward to presenting in a new way. Vision series mobile boards enable surface writing and marking over posted papers on the reverse. Freely move this solid, steel-framed mobile board from area to area.

board details

- Features our high grade, 1/2" thick acrylic
- Glass-clear surface is specially-coated to be long-lasting and non-ghosting
- Commercial-duty steel welded frame in silver

Bring your presentation to a stylish new level. Vision features a rugged silver frame and clear marker surface. Sharing your vision will be highly anticipated by all.
